

RE: HB 5429

Transit Orient Development

To whom it may concern,

I strongly oppose HB 5429.

The bill would have a devastating impact with inadequate consideration of existing natural resources, historical areas, infrastructure capacity, municipal finances, and public participation.

The infrastructure would not be able to support the goals of this bill. It would be devastating to the environment.

This bill will be detrimental to towns such as Greenwich. The town's population is at capacity.

Additional, residents would lose their voice on historic preservation issues. The character of each community would be lost forever.

Sincerely,

Alex Popp
